

Some of the students from Academy Roundtable

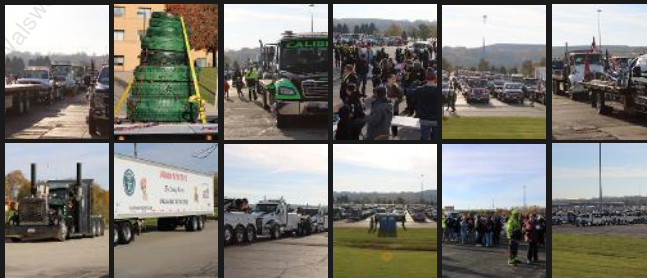

Ella Mastin holding a sign that says "Thanks for Coming"

"Lots of people and trucks showed up for Tow Trucks for Tots this year, and once again it was lots of fun. It is fulfilling knowing these toys are going to kids across the state this holiday season." Senior Emily Peto

" We proudly partner ourselves with Tow Trucks for Tots. The HS/HM Academy Roundtable looks forward to the parade every year" Mr. Markun

Joliet West students have been helping since 2015, when a student told Mr. Markun and the HM/HS Academy Roundtable about Tow Trucks for Tots. Ever since then, West has volunteered to help out at the parade

Tow Trucks for Tots

"I have been doing Tow Trucks for Tots for years, and every year it feels amazing to be able to help with the parade, taking photos of the events, help give out the truckers their shirts, and help give out food to everyone that showed up. This event is an honor to be a part of." Junior Holley Law

Joliet West Gives Back

Worldwide Equipment Sales "Tow trucks for Tots is a non-profit organization made up of the towing community, its suppliers, and the wonderful volunteers who help raise toys for children during the holidays season. Tow truck companies from all over the country participate making up a Parade that happens yearly. Not only That Worldwide also goes to re-earn a new Guinness world record despite Covid-19. The world record is 419 trucks beating Worldwide in 2018. This year

219 trucks in total showed up to the parade. As well as students from Joliet West were there to take photos, hold signs for the truck drivers to see, direct the drivers where they needed to go, as well as help out the registration table with giving everyone their shirts that they ordered and bought that day. They made signs that said "Welcome", "Thank you for Coming," and "No Horns Please," each sign using their own creativity to bring more light to the parade with even more smiling people.
